

Nine Nations

Now Use Ligozone. Won't You Try It—Free?

Millions of people, of nine different nations, are constant users of Ligozone. Some are using it to get well; some to keep well. Some to cure germ diseases; some as a tonic. No medicine was ever so widely employed. These users are everywhere; your neighbors and friends are among them. And half the people you meet—wherever you are—know someone whom Ligozone has cured.

If you need help, please ask some of these users what Ligozone does. Don't blindly take medicine for what medicine cannot do. Drugs never kill germs. For your own sake, ask about Ligozone; then let us buy you a full-size bottle to try.

We Paid \$100,000

For the American rights to Ligozone. We did this after testing the product for two years, through physicians and hospitals, after proving, in thousands of different cases, that Ligozone destroys the cause of any germ disease.

Ligozone has, for more than 20 years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor with alcohol. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the

most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Ligozone—like an excess of oxygen—is deadly to vegetable matter.

There lies the great value of Ligozone. It is the only way known to kill germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indeterminate. Ligozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Asthma—Anemia—Hay Fever—Intestinal Diseases—Lung Diseases—Malaria—Neuritis—Pneumonia—Rheumatism—Sciatic Rheumatism—Stomach Troubles—Tuberculosis—Typhoid—Zycaemia—Zycaemia

Fever—Gall Stones—Tumors—Ulcers—Gout—Gonorrhea—Gleets—Women's Diseases—All diseases that begin with fever—all intestinal—all catarrhs—all contagious diseases—all the results of impure or poisoned blood. In nervous debility Ligozone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Ligozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Ligozone is, and what it can do. In justice to yourself, please, accept it to-day, for it places you under no obligation whatever.

Ligozone costs 50c. and \$1.

CUT OUT THIS COUPON for this offer may not appear again. Fill out the blanks and mail it to The Ligozone Company, 488-464 Wabash Ave., Chicago.

My disease is..... I have never tried Ligozone, but if you will supply me a 50c. bottle free I will take it.

2..... Give full address—write plainly.

Any physician or hospital not yet using Ligozone will be gladly supplied for a test.

SECURING DESIRABLE FLORIDA SETTLERS

Jas. D. Christie Advocates Combined Effort in Few States Rather than Working Without System.

Since becoming a member of the Jacksonville Board of Trade and being assigned to the committee on immigration, Mr. Joseph D. Christie, who has been remarkably successful as a business agent, has devoted considerable time to securing settlers for Florida, says the Jacksonville Times-Union.

While others have been sending literature broadcast over the country, with a view of catching prospective settlers in different localities, Mr. Christie has confined himself to certain limited territory, such as Illinois, Indiana and Michigan. His reasons for this are very clearly set forth in the following statement made by him yesterday.

"The eyes of the people of the state of Florida have lately been open to the fact that they can have located among them the most desirable class of immigrants by the making of an effort," said Mr. Christie.

"There has been and is now a great movement all over this state to secure desirable settlers, and immeasurable good has been done to the state by the advertisements of the different towns, Boards of Trade and individuals, but all of this work has been scattered broadcast over the country, and no concerted effort has been made to reach the people of any one territory or district, and to induce them to come to Florida in bodies and settle in one community.

"It is an accepted fact that in unity there is strength, and what better unity can we ask for than to have ten families from one county come to Florida and settle in the same district, for while it is acknowledged that the people of our own Florida are among the most hospitable in the United States, still people feel more at home where there are a few other settlers from their own district. An average of 50 per cent of the immi-

grants that come to this state leave after the first season, for they come here with the idea that as soon as they had crossed the Florida line that their fortunes are made, and should their first crop turn out to be a failure they have no one to encourage them, and feel that to stay in Florida would only be a succession of failures; therefore, they leave before they have really learned to farm in the Florida way.

"Such is not the case where there are a community of settlers from one district, as they act as an encouragement to each other, and when one man sees another from his home section make a success, it spurs him on to greater effort, as he feels that it is only a question of a few seasons when he, too, can have a good farm.

"Therefore, I am in favor of making a concerted effort in a few states at a time to secure immigrants of a high class, and to give them every encouragement in our power when they come among us. To better obtain the desired results, I believe that we need a state bureau of immigration, for while, as I stated before, there has been a great activity among individuals, how much better results can be obtained from concerted effort, which can only come when backed up by all the power of the state of Florida.

"We need desirable settlers, and we need them now, and we need people that will come to stay."

Dr. Wood's Norway Pine Syrup seems especially adapted to the needs of the children. Pleasant to take; soothing in its influence. It is the remedy of all remedies for every form of throat and lung disease.

GLEANINGS FROM THE MILTON INDEX.

Capt. Jno. Rourke and Mr. Ben Walker, prominent business men of Bagdad, spent Tuesday in Pensacola. Mr. and Mrs. S. G. Collins spent Thursday in Pensacola with friends. Mrs. Vera Francis and little son, Charles, went to Pensacola Thursday where they will spend some time with her mother, Mrs. M. A. Bryant.

Mrs. Andrew Breaky, of Bagdad, was a pleasure visitor to Pensacola Thursday.

Miss Louise Brunet is the guest of Mrs. W. G. Barrow, in Pensacola.

Mrs. W. R. Williams and Miss Jimmie are visiting relatives in Pensacola.

Miss Leah Murray visited relatives in Pensacola Tuesday.

Mr. P. Rosasco, the mill man of Bay Point, was a business visitor to Pensacola Tuesday.

Mrs. W. F. Harrison and Mrs. R. M. Jernigan were shopping in Pensacola Monday.

Mr. and Mrs. J. D. C. Newton spent Tuesday in Pensacola with Mr. Newton's aunt, Mrs. F. Harrison.

Messrs. R. M. Jernigan and J. A. Bryant were business visitors to Pensacola Saturday.

Mr. Marzoni, of Pensacola, has accepted the position of stenographer in the law office of Messrs. Amos & West.

Science Destroys Rats and Mice. Many readers of this paper have been greatly annoyed the last month or so with an unusual number of rats and mice, or both. Traps have been of no avail in ridding them of these pests. We are glad to tell them that science has discovered a means of driving rats and mice from the house to die. This is Stearn's Electric Rat and Roach Paste. Its sale has been remarkable, and it never fails. If you cannot get the Paste of your druggist, write direct to the Stearn's Electric Paste Co., Chicago, Ill., U. S. A., and it will be sent to you express prepaid on receipt of price. It is easy to use, and rids the house of rats, mice, cockroaches, etc. Small size, 25c; Hotel size, eight times the quantity, \$1.00.

EX-MARSHAL FRANK WILDE MAKES ANNOUNCEMENT.

Ex-Marshall Frank Wilde announces his candidacy for the office of city marshal in to-day's Journal. Mr. Wilde has filled that office with dignity and with credit, and has been urged by a large number of friends to enter the race. He will no doubt make the race lively as he has a strong following.

SPORTING NEWS OF INTEREST

MONEY UP FOR HORSE RACE AND EVENT TAKES PLACE APRIL 12—ACTIVITY AT ROWING CLUB.

The balance of the \$1,000 purse in the match race between the horses Grey John and Ribbon, has been deposited with the stakeholder, and the race is now an assured event.

The date of the race has been set for Wednesday, April 12.

Both horses are in active training and a good race can be looked for.

Besides the \$1,000 purse the winner is to receive the entire gate receipts.

The grounds and house of the Pensacola Rowing Club are the scene of great activity these days, owing to getting them into shape to go into commission. An experienced man has been engaged to thoroughly overhaul the boats and equipments, and within the next week or so, the club's floating stock will all be in good condition. The board of governors of the club have also purchased several new boats, and when these boats arrive the club will have a first-class stock of material in its spacious house.

Figures from the Year Book show that the total number of standard trotters to the close of 1904 is 20,282, of standard pacers 11,748, whereas 10 years ago the figures were 10,539 for trotters, 2,606 for pacers. In the decade the trotters gained 9,743, the pacers 9,142. But the per cent of gain, while less than 100 for the trotters, was almost 400 for the pacers. Of 2:10 trotters there were 31 at the close of the racing season of 1894; of 2:10 57. In the intervening 10 years the trotters gained 191, the pacers 554, which is over 600 per cent for the trotters and over 1,000 per cent for the pacers. That certainly makes it look as if the pacers were pushing the trotters into the background.

Many have an idea that the pacer is an entirely separate breed of horses from the trotter. They are simply mistakes. Although the pacer antedates the trotter thousands of years, yet the pacer of today is bred from trotting sires with very few exceptions. Twenty-three pacers have made records of from 2:04 to 1:56. Let any one examine the list and they will find that 11 of the number are sired by the sons of George Wilkes, and 10 of the number trace back to Hambletonian. As W. K. is a direct son of Hambletonian we find that 21 of the number are sired by sons and grand sons of Hambletonian. One of the number is by a son of Mambino Chief. A grand son of Messenger Star Pointer 1:59 1/2 is the only one in the whole gang that is a pacer bred. Therefore 22 of the whole number of pacers 23 with records from 2:04 to 1:56 are of Messenger blood.

Group instantly relieved. Dr. Thomas' Electric Oil. Perfectly safe. Never fails. At any drug store.

LEMP'S

Beer needs no words of recommendation and praise before the public. A beverage as brewed by that extensive firm is like U. S. currency—people take it because they know it is an

Excellent

and genuine article, and that, like pure air and nutritive food, it is beneficial to health. Because the beer of the Hofbrauerer in Munich is delicious, men, women and children are seen waiting for hours to be served, because the supply of

Beer

is not equal to the demand. Even so with Lemp's product. Located at St. Louis he established one of the largest breweries in the world, and yet every year the capacity has to be increased.

KILL THE COUGH AND CURE THE LUNGS

WITH **Dr. King's New Discovery** FOR CONSUMPTION, COUGHS AND COLDS. Price 50c & \$1.00 Free Trial. Surest and Quickest Cure for all THROAT and LUNG TROUBLES, or MONEY BACK.

RHEUMATISM

A few years ago I was taken with inflammatory Rheumatism, which, though mild at first, became gradually so intense that I was for weeks unable to walk. I tried several prominent physicians and took their treatment faithfully, but was unable to get the slightest relief. In fact, my condition seemed to grow worse, the pains spread over my entire body, and from November to March I suffered agony. I tried many patent medicines but none relieved me. Upon the advice of a friend I decided to try S. S. S. Before allowing me to take it, however, my guardian, who was a chemist, analyzed the remedy and pronounced it free of potash or mercury. I felt so much better after taking two bottles, that I continued the remedy, and in two months I was cured completely. The cure was permanent, for I have never since had a touch of Rheumatism, though many times exposed to damp and cold weather.

58 Cliff St., Roxbury, Mass. MRS. ELEANOR T. JONES.

For over four years I suffered intensely with Sciatic Rheumatism. The Rheumatism first troubled me in my hip, then spread to my shoulders, head, and finally all over my body. I became such an invalid that neither my family nor friends thought it possible for me to survive long. I had tried so many prescriptions given me by physicians (which contained a great deal of potash) that my stomach was ruined and there seemed no hope for recovery. I had been reading in the newspapers of S. S. S. and decided to try it, and to my joy commenced to get relief before the second bottle was gone. After completing five bottles I was an entirely different man, and felt that I had a new lease on life. The cure in my case has been so wonderful that I shall tell every one of it. S. S. S. not only cured my Rheumatism, but also put my system generally in excellent condition. I have a good appetite, sleep well and once more enjoy life.

Mt. Sterling, Ky. B. M. FRISBIE.

RHEUMATISM comes from poor digestion, stomach troubles, torpid liver, weak kidneys and a general sluggish condition of the system. Food souring in the stomach poisons the blood—it becomes too acid. The liver and kidneys fail to act properly, and the circulation is clogged with impure matter and burning acid fluids which penetrate and saturate the bones and muscles, joints and nerves, producing the terrible pains and aches and other disagreeable symptoms of Rheumatism. As it originates in the blood and affects the whole system, it will not do to depend on liniments and other external remedies. Such treatment is helpful, but the blood must be restored to a pure, healthy state before the cure is permanent. When S. S. S. has driven out the impurities and built up the thin, acid blood and stimulated the sluggish organs to better action, the cure is thorough and lasting. The feverish, excited nerves then are soothed and the muscles relieved of the torturing tension, and the whole system is restored to its former healthy state. S. S. S. contains no potash or alkalis, but is guaranteed purely vegetable. Our physicians will cheerfully answer all letters asking for special information or advice, for which no charge is made.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

DAMON LODGE WILL ENTERTAIN

WILL HOLD SOCIAL SESSION AND SMOKER AT CASTLE HALL TUESDAY NIGHT.

Damon Lodge, No. 13, K. of P. will hold a social session and smoker at their castle hall Tuesday night to which all Pythians and their families are cordially invited.

Old Damon has a reputation as a host that no lodge in the city has ever attempted to surpass and this occasion promises to be in keeping with that reputation. Among the features will be addresses by several prominent Pythians.

CURED CONSUMPTION.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We can not do without it. For coughs and colds it has no equal." 25c, 50c and \$1. Sold by all druggists.

NEWS OF THE WEEK AT BUSY BAGDAD

Bagdad, March 25.—The ladies gave a supper last Friday night for the benefit of the cemetery fund. They cleared twenty-eight dollars.

The steamer City of Tampa is in dry dock here undergoing repairs. She will be in several weeks.

The mill company is having its large store, 40x100 feet, turned around, and moved two blocks, with all the goods in it. They are using their large railroad locomotive for motive power.

The schooner Moxie, Capt. Asa Ward, is loading here for Key West.

W. F. Culver arrived Wednesday on his regular monthly visit.

Mrs. J. N. Andrews, after spending several days with relatives here, returned to her home in Pensacola Tuesday.

Mrs. Elizabeth Allen and Master Allen Dittmar spent Saturday and Sunday with W. W. Watson in Pensacola.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At all druggists; 50c and \$1; guaranteed. Trial bottle free.

Rathbone Sisters.

Magnolia Temple No. 4, Rathbone Sisters, will hold a regular meeting Wednesday night, March 29th, at 7:30 o'clock. Members are especially requested to attend. Roll call and other important business will be transacted and refreshments will be served. Visiting members cordially invited. The Degree Team are notified to be present. By order captain.

MRS. SYLVIA STEWARD, M. E. C.

MRS. F. M. SMITH, M. R. C.

Sir Knights Attention.

Regular conclave of Coeur de Lion Commandery No. 1, Knights Templar at 7:30 p. m. Monday, March 27. Ballooning and work in order of Temple.

Sojourning Sir Knights are courteously invited.

HARRY W. GIBBS, E. C. W. HENRY NEEDHAM, Recorder.

ATTENTION, C. K. OF A.

Special meeting will be held at 7:00 p. m. this day (March 26) for the purpose of electing a delegate to the Supreme Council and transact such other business as may come before the meeting.
